

# Seismic And Acoustic Velocities In Reservoir Rocks

by Amos Nur; Zhijing Wang

where  $V_p$  is the compressional wave velocity in the rock,  $V_s$  is the estimate the effect of clay content on acoustic velocities. [ 15, 32, 42, 821. ... Therefore seismic waves and sonic logging are almost ... Acoustic Velocities in Reservoir Rocks: results, acoustic properties of both reservoir fluids and rocks must be well achieved without knowing and understanding seismic velocities and their behaviors.
